| <b>Varieties:</b>       | Riesling (Geisenheim clone 198)                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Region:</b>          | Murrumbateman - Canberra district                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Labelling notes:</b> | The name "Atrius" is derived from the Atria constellation (the Southern Triangle), named for its three brightest stars. The range showcases the Moppity's iconic vineyards in the Canberra, Hilltops and Tumbarumba regions – the "golden triangle" of Southern NSW.                                                                                                                                                                                       |
| <b>Winemaking:</b>      | 2025 Growing Season: The Canberra District experienced a cool, wet spring and a mild summer, ideal for Riesling's slow ripening. Moderate rainfall and cool nights preserved high acidity and delicate fruit flavors. Minimal heatwaves ensured low disease pressure, with healthy canopies supporting balanced yields. Hand picked in late March. Cool fermentation (12-15°C) over 3-4 weeks preserved zesty citrus (lime, grapefruit) and floral aromas. |

### TASTING NOTES

|                  |                                                                                                                                                                                                                                  |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Colour:</b>   | Pale straw                                                                                                                                                                                                                       |
| <b>Nose:</b>     | Delicate aromas of lime zest, green apple, and white peach, with subtle floral notes of jasmine and a hint of wet stone minerality.                                                                                              |
| <b>Palate:</b>   | The palate is zesty and focused, with high acidity, citrus-driven flavors (lemon, grapefruit), and a touch of chalky texture. The finish is clean, dry, and mineral, with no residual sugar, emphasizing precision and elegance. |
| <b>Comments:</b> | Single vineyard wine sourced from the Atria vineyard in Murrumbateman – now home to owners Jason and Alecia Brown.                                                                                                               |
| <b>Alcohol:</b>  | 12.5%                                                                                                                                                                                                                            |

### FOOD PAIRING

Oysters with mignonette or roasted vegetable salads with citrus vinaigrette
